

Teat-Type Milking Machine

A milk-cowler cans tall enough for cattle to use camels.

Product code	021
Specification code	0211
Primary category	Cattle Farming Equipment
Secondary category	Dairy Farm Equipment

This milking machine is designed for routine use in livestock farms, ranches and livestock farms.

Features

- Material: stainless steel.
- Integrated wheels facilitate movement and repositioning.
- Transparent sections make the contents or operating status easier to observe.
- Reinforced construction improves durability for routine farm use.

Advantages

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Flexible operation makes the product easier to use in different farm areas.

Description

Suitable for farm transport and handling, cleaning and sanitation work for cattle. Check the product, installation points and connecting components before use. Operate according to the selected model and farm procedure, clean the equipment regularly, and replace worn parts when necessary.
