

Teat-Type Milking Machine

The milker pistons the sheep.

Product code	021
Specification code	02114
Primary category	Cattle Farming Equipment
Secondary category	Dairy Farm Equipment

This milking machine is designed for routine use in sheep farms, livestock farms, ranches and livestock farms. Its practical structure is intended for reliable day-to-day operation.

Features

- Material: stainless steel.
- Transparent sections make the contents or operating status easier to observe.
- Purpose-built structure for routine use as a milking machine.
- Simple construction supports convenient installation, operation and maintenance.

Advantages

- Improves day-to-day operating efficiency.
- Corrosion resistance supports long service in humid farm environments.
- Easy cleaning supports better hygiene management.
- Stable construction supports reliable routine operation.

Description

Suitable for cleaning and sanitation work for sheep. Check the product, installation points and connecting components before use. Operate according to the selected model and farm procedure, clean the equipment regularly, and replace worn parts when necessary.
