

Forage Chopper

Scrambling machine - 6 knife transfer belt + 2-phase 4kw power

Product code	221
Specification code	2213
Primary category	Cattle Farming Equipment
Secondary category	Cattle Feeding Equipment

This forage chopper is designed for feed handling and feeding management in livestock farms. Its practical structure is intended for reliable day-to-day operation.

Features

- Product type: forage chopper.
- Configuration: 4kw.
- Automatic operation helps reduce repetitive manual work.

Advantages

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.

Description

Suitable for feed handling and feeding management in pig farms, cattle farms, sheep farms. Install the unit securely according to the feeding-system layout and avoid overloading or blockage. Remove residual feed and inspect moving or connecting parts regularly to maintain stable operation. Final dimensions, configuration and operating limits should be confirmed against the actual ordered product.
