

Cattle Manure Sieve

Gargey's excrement analysis screening.

Product code	245
Specification code	0864
Primary category	Cattle Farming Equipment
Secondary category	Cattle Farm Tools

This cattle manure sieve is designed for testing and routine monitoring in livestock farms. Its practical structure is intended for reliable day-to-day operation.

Features

- Transparent sections make the contents or operating status easier to observe.
- Purpose-built structure for routine use as a cattle manure sieve.
- Simple construction supports convenient installation, operation and maintenance.
- Designed for regular use in livestock-production environments.

Advantages

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.

Description

Suitable for testing and routine monitoring for cattle, sheep. Check the product, installation points and connecting components before use. Operate according to the selected model and farm procedure, clean the equipment regularly, and replace worn parts when necessary.
