

Cattle Manure Sieve

Katge+Pancan screening

Product code	245
Specification code	1671
Primary category	Cattle Farming Equipment
Secondary category	Cattle Farm Tools

This cattle manure sieve is designed for testing and routine monitoring in cattle farms, ranches and livestock farms. Its practical structure is intended for reliable day-to-day operation.

Features

- Transparent sections make the contents or operating status easier to observe.
- Purpose-built structure for routine use as a cattle manure sieve.
- Simple construction supports convenient installation, operation and maintenance.
- Designed for regular use in livestock-production environments.

Advantages

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.

Description

Suitable for feed handling and feeding management, cleaning and sanitation work in cattle farms, ranches and livestock farms. Install the unit securely according to the feeding-system layout and avoid overloading or blockage. Remove residual feed and inspect moving or connecting parts regularly to maintain stable operation.
