

Intestine Cleaning Machine

Upgrade the enhanced colon cleaner 1.25 meters.

Product code	027
Specification code	0271
Primary category	Manure and Waste Management
Secondary category	Animal Carcass Disposal Equipment

This intestinal cleaning machine is designed for cleaning and sanitation work in processing and slaughter areas. It uses stainless steel construction or components suited to routine farm use.

Features

- Width: 3.8cm, 3.0cm.
- Weight: 12kg.
- Material: stainless steel.
- Corrosion-resistant construction is suited to humid livestock environments.

Advantages

- Improves day-to-day operating efficiency.
- Simple maintenance helps lower routine service requirements.
- Stable construction supports reliable routine operation.

Description

Suitable for water-supply management, cleaning and sanitation work for pigs. Confirm that pipe sizes, water supply and connections match the installation requirements. Check for leaks and proper flow after installation, and clean water-contact parts regularly to maintain hygienic and stable operation.
