

Cattle Lead Rope

Cowline - 12-mm coarse spinal

Product code	310
Specification code	3101
Primary category	Cattle Farming Equipment
Secondary category	Cattle Restraint and Handling Equipment

This cattle tether rope is designed for animal restraint and handling in cattle farms, livestock farms, ranches and livestock farms. Its practical structure is intended for reliable day-to-day operation.

Features

- Product type: cattle tether rope.
- Purpose-built structure for routine use as a cattle tether rope.
- Simple construction supports convenient installation, operation and maintenance.
- Designed for regular use in livestock-production environments.

Advantages

- Improves day-to-day operating efficiency.
- Simple maintenance helps lower routine service requirements.
- Flexible operation makes the product easier to use in different farm areas.

Description

Suitable for animal restraint and handling for cattle. Check the product, installation points and connecting components before use. Operate according to the selected model and farm procedure, clean the equipment regularly, and replace worn parts when necessary. Final dimensions, configuration and operating limits should be confirmed against the actual ordered product.
