

Cattle Nose Piercing Needle

Three sets of bulls' nose piercing needles.

	Product code	684
	Specification code	6841
	Primary category	Cattle Farming Equipment
	Secondary category	Cattle Restraint and Handling Equipment

This cattle nose needle is designed for animal restraint and handling in cattle farms, ranches and livestock farms. It uses metal construction or components suited to routine farm use.

Features

- Material: metal.
- Corrosion-resistant construction is suited to humid livestock environments.
- Purpose-built structure for routine use as a cattle nose needle.
- Simple construction supports convenient installation, operation and maintenance.

Advantages

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Stable construction supports reliable routine operation.

Description

Suitable for disinfection and hygiene management, animal restraint and handling, cleaning and sanitation work for cattle. Inspect the tool and working surfaces before use and clean or disinfect them as appropriate. Operate with suitable restraint and trained handling practices, then clean, dry and store the tool after use.
