

Cattle Mastitis Test Paddle

Cow breast cancer test boards

Product code	755
Specification code	7551
Primary category	Cattle Farming Equipment
Secondary category	Dairy Farm Equipment

This cattle mastitis test paddle is designed for testing and routine monitoring in cattle farms, ranches and livestock farms. Its practical structure is intended for reliable day-to-day operation.

Features

- Material: plastic.
- Purpose-built structure for routine use as a cattle mastitis test paddle.
- Simple construction supports convenient installation, operation and maintenance.
- Designed for regular use in livestock-production environments.

Advantages

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Suitable for routine use in commercial and large-scale livestock operations.

Description

Suitable for testing and routine monitoring for cattle. Check the product, installation points and connecting components before use. Operate according to the selected model and farm procedure, clean the equipment regularly, and replace worn parts when necessary.
