

Cattle Drinker

Water bowls for thick stainless steel cattle (with sewage valves)

Product code	829
Specification code	08016
Primary category	Cattle Farming Equipment
Secondary category	Cattle Drinking Equipment

This cattle drinking equipment is designed for animal drinking-water management, water-supply management in cattle farms. It uses stainless steel construction or components suited to routine farm use.

Features

- Material: stainless steel.
- Wall-mounted installation saves floor space.
- Corrosion-resistant construction is suited to humid livestock environments.

Advantages

- Improves day-to-day operating efficiency.
- Simple maintenance helps lower routine service requirements.
- Stable construction supports reliable routine operation.

Description

Suitable for animal drinking-water management, water-supply management in cattle farms. Confirm that pipe sizes, water supply and connections match the installation requirements. Check for leaks and proper flow after installation, and clean water-contact parts regularly to maintain hygienic and stable operation.
