| Specification code | 02318                 |
| Primary category   | Pig Farming Equipment |
| Secondary category | Pig Feeding Equipment |

This plastic piglet feeder is designed for livestock feeding management in nursery houses. It uses plastic construction or components suited to routine farm use.

## Features

- Height: 7cm.
- Material: plastic.
- Purpose-built structure for routine use as a plastic piglet feeder.
- Simple construction supports convenient installation, operation and maintenance.

## Advantages

- Improves day-to-day operating efficiency.
- Corrosion resistance supports long service in humid farm environments.
- Easy cleaning supports better hygiene management.

## Description

Suitable for feed handling and feeding management in nursery houses. Install the unit securely according to the feeding-system layout and avoid overloading or blockage. Remove residual feed and inspect moving or connecting parts regularly to maintain stable operation.
