

Cattle Teat Sampling Cup

The sheep with the cup.

Product code	088
Specification code	0882
Primary category	Cattle Farming Equipment
Secondary category	Cattle Farm Tools

This cattle milk testing cup is designed for routine use in sheep farms. Its practical structure is intended for reliable day-to-day operation.

Features

- Material: metal.
- Purpose-built structure for routine use as a cattle milk testing cup.
- Simple construction supports convenient installation, operation and maintenance.
- Designed for regular use in livestock-production environments.

Advantages

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Easy cleaning supports better hygiene management.
- Simple maintenance helps lower routine service requirements.

Description

Suitable for disinfection and hygiene management, cleaning and sanitation work in sheep farms, ranches and livestock farms. Check the product, installation points and connecting components before use. Operate according to the selected model and farm procedure, clean the equipment regularly, and replace worn parts when necessary.
