This heavy-duty water filter is designed for animal drinking-water management, water-supply management, water filtration and equipment protection in pig farms, poultry farms. Its practical structure is intended for reliable day-to-day operation.

Características

- Product type: heavy-duty water filter.
- Dimensions: 34cm, 19.5cm.
- Width: 10cm.
- Filtration helps reduce debris entering downstream equipment.

Vantagens

- Simple maintenance helps lower routine service requirements.
- Stable construction supports reliable routine operation.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.

Descrição

Suitable for animal drinking-water management, water-supply management, cleaning and sanitation work in livestock farms. Confirm that pipe sizes, water supply and connections match the installation requirements. Check for leaks and proper flow after installation, and clean water-contact parts regularly to maintain hygienic and stable operation. Final dimensions, configuration and operating limits should be confirmed against the actual ordered product.
