This cattle nose pliers is designed for farm transport and handling, animal restraint and handling in cattle farms, ranches and livestock farms. Its practical structure is intended for reliable day-to-day operation.

## Características

- Material: metal.
- Purpose-built structure for routine use as a cattle nose pliers.
- Simple construction supports convenient installation, operation and maintenance.
- Designed for regular use in livestock-production environments.

## Vantagens

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.

## Descrição

Suitable for animal restraint and handling in cattle farms, ranches and livestock farms. Inspect the tool and working surfaces before use and clean or disinfect them as appropriate. Operate with suitable restraint and trained handling practices, then clean, dry and store the tool after use.
